RE: Thorium Nitrate, Tank T-2
Project Specific Plan

Dear Mr. Craig:

The United States Environmental Protection Agency (U.S. EPA) has completed its review of the Project Specific Plan (PSP) for the Thorium Nitrate Tank T-2. The PSP outlines the processing of the thorium nitrate in tank T-2 under Removal Action 9 (Removal of Waste Inventories).

The thorium nitrate waste is a hazardous waste pursuant to the Resource Conservation and Recovery Act. The PSP incorporates the substantive requirements of a closure plan and this PSP was approved by the Ohio Environmental Protection Agency on August 23, 1995.

Therefore, U.S. EPA concurs with this PSP.

Please contact me at (312) 886-0992 if you have any questions.

Sincerely,

James A. Saric
Remedial Project Manager
Technical Enforcement Section #1
